

Department of Art and Design Assessment Plan

The Department of Art and Design aligns its departmental assessments with those standardized at the institutional level (Written Communication, Reading, Comprehension and Information Literacy, etc.). The Department of Art and Design includes two majors: non-teaching and teaching.

Learning Outcomes for Students Earning a Bachelor of Science in Art (both Non-Teaching and Teaching options)

Students will be able to:

1. Use materials and processes in various media such as drawing, painting, sculpture, printmaking, and ceramics
2. Acquire technical skills in various media
3. Use visual art elements and principles of design to create original works of art
4. Analyze and interpret form and content in artwork
5. Orally communicate art ideas, concepts and criticism
6. Communicate art ideas, concepts and criticism in written form

Additional Learning Outcomes for Students Earning a Bachelor of Science in Art (Teaching option)

Students will be able to:

7. Pass the Praxis exams and pursue professional career in education
8. Plan and implement standards-based art lessons that are developmentally appropriate to a specific grade level of students
9. Prepare and administer appropriate student assessments
