University of Arkansas at Pine Bluff
Pine Bluff, AR 71601

Position Announcement

Title: Assistant Professor (Animal Science)

Location: University of Arkansas at Pine Bluff

Appointment: Twelve Month, Tenure Track

Qualifications:
Applicants with experience in animal community/ecosystem ecology focusing on animal-plant interactions and its effects on environmental quality are preferred. A Ph.D. in animal science, animal ecology or related field is required.

Duties and Responsibilities:
The Agriculture Department at the University of Arkansas at Pine Bluff is seeking applicants for a tenure track, 12-month position in Animal Science. The appointee will be 75% research, 20% teaching and 5% Extension. Teaching responsibilities will include an introductory course in animal science and a course in wildlife management on private lands. The appointee will be expected to develop a research program in wildlife habitat management applicable to small to mid-size farm and land holdings. Objectives of the research program will be: improved environmental quality, prevention and control of animal damage and conservation of wildlife resources.

Salary: Salary is competitive and commensurate with training and experience.

Fringe Benefits: Group medical insurance, life insurance, retirement, workers' compensation, annual and sick leave.

Appointment Period: 12 months per year

Application: Interested individuals should submit a letter of application, resume, college/university transcripts and request at least three letters of recommendation sent to:

Dr. Obadiah Njue
