

School of Agriculture, Fisheries, and Human Sciences
Department of Human Sciences
Human Science BS

Student Learning Objectives

The mission of the Department of Human Sciences at the University of Arkansas at Pine Bluff is to provide educational research and outreach programs that prepare individuals, families, and communities to live an optimal and sustaining quality of life. It prepares graduates for competitive careers in Southeast Arkansas and the global market place, and for graduate and professional schools.

Student Learning Outcomes

1. Students will be able to articulate the mission of Human Sciences.
2. Students will be able to articulate how their concentration fits into the overall mission of the profession.
3. Students will describe how interaction of areas of Human Sciences enhance the quality of life for individuals, families, and communities.
4. Students will be able to explain how their area of concentration impacts the lives of individuals, families, and communities.
5. Students will indicate that they value and respect diversity.
6. Students will exercise ethical practices when submitting assignments and taking tests.
7. Students will identify strengths in their own families.
8. Students will use critical thinking and problem-solving skills to provide solutions to selected issues facing families.
9. Students demonstrated their ability to use technology.
10. Students will integrate concepts of global interdependence and the impact of oil spill on the economy.
