

# MEDICARE AND YOUR FLU SHOT

- Medicare will not cover your flu shot if you are also covered under an HMO.
- If you have insurance through an HMO you must contact them to find out who provides your flu shot. If you do not wish to go through your HMO, we will be glad to provide your flu shot for **a fee**.
- A valid Medicare "Part B" card **must** be presented in order to get a flu shot. We **must** also have a copy of your Medicare card in order for us to bill Medicare for the shot. Please bring the copy with you when you come for your shot. Your Medicare must be primary.
- The Medicare ID card **must** have the letter "B" on it and/or the word "medical" in order for us to bill Medicare.
- If you have questions please call the number below.
