Use of generic drugs can save both you and your health plan money. This list is not all-inclusive and is not a guarantee of coverage. Plan Benefit design is the final determinate of coverage.

Certain drugs (*) may be subject to Prior Authorization (PA), Quantity Limits (QL), or Step Therapy (ST) requirements according to Benefit Design.

Branded products with an available generic equivalent may be subject to the highest copayment¹ according to Benefit Design.

If you have any questions about these requirements or other formulary questions, please contact a MedImpact Healthcare customer service representative at 800-788-2949.

This list represents brand products in CAPS, branded generics in upper- and lowercase *italics*, and generic products in lowercase *italics*.

FOR YOUR INFORMATION: Generics should be considered the first line of prescribing. This drug list represents a summary of prescription coverage. It is not inclusive and does not guarantee coverage. Specific prescription benefit plan design may not cover certain categories, regardless of their appearance in this document. The plan participant's prescription benefit plan may have a different copay for specific products on the list. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log in to www.medimpact.com to check coverage and copay information for a specific medicine.

¹ Copayment, copay or coinsurance means the amount a plan participant is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

² Atacand should be reserved for plan participants who meet CHARM (Candesartan in Heart Failure – Assessment of Reduction in Mortality and Morbidity) trial criteria.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber.
