How to Use the Plan

Welcome to the Superior Vision Plan. Superior Vision provides primary vision care benefits including eye examinations, prescription eyewear, and contact lenses through a broad-based provider network of both ophthalmologists and optometrists. The plan also contracts with a large number of national and regional optometric chain locations.

Your first step should be to choose an eye care provider, or ensure that your current provider is part of the Superior Vision network. Go to www.superiorvision.com and click on "Locate a Provider" for an updated list. You may also call Customer Service for this information at 800-507-3800. You will learn about "in-network" and "out-of-network" providers – it is an important distinction when receiving your benefits. You will also learn more about how to use your benefits, as well as the discounts that are available to you.

Remember that a routine eye exam is important not only for correcting vision problems, but for maintaining healthy eyes and overall wellness. Superior Vision eye care providers will be looking for signs that may indicate other health issues - not just vision problems. Take the time to get to know your vision plan, and start experiencing healthy eyes and healthy living.

Questions & Answers

... About Forms & ID Cards:

Where do I get my ID card?

One ID card is sent to the subscriber after enrollment to cover the subscriber and all dependents covered by the plan. Additional ID cards can be downloaded and printed directly from the member section of our website.

Must I show my Superior Vision ID card to the in-network provider to receive services?

No, though the ID card includes helpful information and phone numbers for the provider to reference regarding your benefits or discount plan. While you don't need your card, it is important that you always identify yourself as a Superior Vision member.

Please remember: Your medical health plan and Superior Vision are separate companies; our eye care providers will not accept your medical health insurance plan ID card in place of your Superior Vision ID card.

Do I need to obtain an authorization number, form, or voucher from Superior Vision prior to obtaining services from an in-network provider?

No, our in-network providers will handle the authorization and claims filing processes for you.

... About Using Your Benefits:

What is the difference between an in-network provider and out-of-network provider?

Your vision benefits are offered through a PPO (Preferred Provider Organization) plan. We have "in-network" providers (those for whom we have a PPO contract) and "out-of-network" providers (no PPO contract). This means that you can obtain products or services through any provider you choose, though you'll generally pay less with our in-network providers. When visiting an in-network provider, you are responsible for paying any applicable co-pay, and for items that are not covered or exceed your benefit limitations. When visiting out-of-network providers, you pay for all services in full, and then file a claim with Superior Vision for reimbursement according to your out-of-network benefits schedule.

If you have questions about the amount the provider is asking you to pay:

- ◆ Remember to identify yourself or your dependent as a Superior Vision insured member.

- ◆ Request that the in-network provider call Superior Vision's Customer Service department before you pay in full.

Will I need a referral from my medical health plan provider to see my Superior Vision Plan provider?

Referrals are not needed. Remember that your medical plan is separate from your vision plan.

Do my dependents need to use my personal identification number to receive the covered benefits?

You and your covered dependents share the same personal subscriber identification number.

May I go to one provider for the eye exam and another provider for the materials?

Yes. Each provider will call Superior Vision's Customer Service department to verify your eligibility.

How does the retail frame allowance work?

You may select a frame up to your benefits specific retail price frame allowance (found on your card).

- ◆ If the retail price of the frame is greater than your frame allowance, you will pay the difference. Some providers may also give a discount on your out-of-pocket cost for the frame. Refer to your specific Outline of Benefits for more information and details.

How much will I pay if I select materials and services that are NOT covered?

You will be responsible for the full amount for materials and services not covered by your benefit. Based on the provider selected, discounts may apply. (See "About Using Your Discounts")

How can I use my cosmetic (elective) contact lens allowance?

If you choose to wear contact lenses in lieu of glasses as your vision correction, the specified allowance may be applied toward the purchase of any type of elective contact lenses. Your benefit is greater when dispensed by an in-network provider.

What are "medically necessary" contact lenses?

Medically necessary contact (non-elective) lenses are prescribed by a doctor solely for purposes of correcting a specific medical condition, such as keratoconus or other conditions that prevent your vision from being corrected to a specified level of visual acuity using conventional eyeglasses. Choosing contacts over glasses for a standard prescription is considered cosmetic/elective.

The contact lens benefit applies to the contact lens materials only, not the contact lens fit.

What is a Contact Lens Fitting exam?

A Contact Lens Fitting (CLF) exam measures and examines your eyes for the purpose of evaluating them for contacts, and your provider charges a separate fee for this service. The CLF is an additional, stand-alone benefit – it is separate from your contact lens benefit. Important to you is that the CLF charges do not get deducted from your contact lens allowance.

How are progressive lenses (no-line lenses) covered?

Lined bifocals and trifocals are standard lenses and covered in full. If you select no-line progressive lenses, you will pay the difference between the retail price of the selected progressive lens and the retail price of the lined trifocal. The difference may also be subject to a discount.

May I utilize in-store specials, promotions, or coupons along with my Superior Vision Plan benefit?

Your benefits provide discounted rates from in-network providers, and cannot be used in conjunction with coupons, promotions, sales, or other types of discounts. An exception: if you use the services of an in-network provider but choose to take advantage of a sale, coupon, or other in-store special, the provider may require that you pay in full and then submit your receipt to Superior Vision for reimbursement at the out-of-network rates. If you have questions about the use of discounts, call Customer Service before you seek services as rules may vary from state to state and be subject to state laws.

... About In-Network Providers:

How do I know which services are offered by an in-network Superior Vision provider?

All in-network providers are listed in our directories with the specific services for which they have contracted. If you need assistance locating a provider, visit our website or call Customer Service at 800-507-3800.

Questions & Answers, Continued

What do I need to pay my in-network provider?

You would pay your provider any applicable co-pay. Additionally, you are also responsible for paying for any services or materials that are not covered or exceed your benefit plan coverage.

What if my eye doctor is not listed as an in-network provider?

If you have verified on our website that your provider is not a participating provider, you may complete a Provider Nomination form located in the member section of our website. Email, fax, or mail this form to Superior Vision. Check back with Superior Vision periodically to see if the provider has joined our network.

... About Out-of-Network Providers:

May I go to an out-of-network provider?

Yes. Superior Vision will cover you and your dependents if you choose services from an out-of-network provider, but your out-of-pocket expenses will be greater.

How can I utilize my benefit when seeking services from an out-of-network provider?

First, verify that the provider you wish to see is not in our network. Then, obtain an authorization number from our Customer Service department. Schedule your appointment, and pay the provider directly for the services rendered.

How do I get reimbursed when I use an out-of-network provider?

Obtain a claim form either from the member section of our website, or from a Customer Service Representative. Complete the claim form and attach your original receipt or itemized bill that explains what services were provided. Mail or fax these to Superior Vision's Customer Service. You will be reimbursed up to the allowable amount as outlined in the out-of-network section of your Outline of Benefits.

... About Using Your Discounts:

What discount features are available?

Your specific discount features are listed in the Discount Features section of this brochure. You are eligible for discounts off the retail charges for a variety of lens upgrades and add-ons, overages on frame allowances, and/or additional frame and lens purchases. Services must be obtained from a provider indicated in our provider directory as participating in a specific discount plan as there are some providers who do not. Be sure to show your Superior Vision ID card to ensure you receive these discounts.

Are there any limitations on the frame selection when using the discounts?

Unless otherwise prohibited by the manufacturer, the frame discount may be applied as long as you seek services from a participating discount plan provider.

Do any discounts apply to my covered eyeglass lenses and frame?

The Superior Vision Plan includes discounts on many of your out-of-pocket expenses associated with eyeglass lens add-ons, upgrades, or overages on your frame allowance for your covered eyeglass lenses and frame. There are also discounts available on any additional purchases, and these discounts can be utilized as often as you like as long as you seek services from a participating discount plan provider.

Can discounts be applied toward the purchase of prescription sunglasses, i.e., tints to a covered lens?

Unless otherwise prohibited by the manufacturer, the discounts for lens tinting can be applied as long as you seek services from a participating discount plan provider.

... About Superior Vision's SmartAlert Vision Health and Wellness Program:

What is Superior Vision's SmartAlert program?

Superior Vision's SmartAlert program facilitates communication between you, your eye care provider, and your medical plan providers about lifestyle or health issues that may impact your eyes and vision. While participation is completely voluntary by both members and providers, participation may help you keep on top of current health issues or aid in the early recognition and diagnosis of something new.

How may I obtain a copy of the My Vision Lifestyle form?

This form is available within the member section of our website. You may print it, complete it, and take it with you to your eye care appointment.

How will my Superior Vision eye doctor share information about my eye exam with my medical health plan provider?

Your doctor may complete the Provider Communication form (from the provider section of our website) and give it to you at the conclusion of your visit. You may take this form to your health plan provider for review and inclusion in your chart or records. This is NOT a referral form but a voluntary sharing of information. All medical referrals should conform to the information detailed in your medical health plan.
