

**Assistant Professor – Nanotechnology
Department of Chemistry and Physics
University of Arkansas at Pine Bluff**

The University of Arkansas at Pine Bluff (UAPB), an HBCU and 1890 Land-Grant Institution, is seeking applicants for tenure-track 9-month Assistant Professor positions from creative and energetic candidates who have demonstrated extraordinary accomplishment and promise for research, teaching and outreach in the field of nanotechnology in physics or chemistry.

Qualifications:

The Ph.D. in nanotechnology-physics or chemistry or a closely related field is required. Demonstrated ability to develop a research program with the emphasis on nanomaterials, energy, nanosensors, nanosynthesis, etc. Strong candidates with research programs in other emerging nanotechnology areas will also be considered. A demonstrated commitment to excellence in undergraduate and graduate education, and a proven ability to obtain extramural research funding and publish in leading peer-reviewed journals are desired.

Responsibilities:

The successful candidate will assist in undergraduate and graduate curriculum development, teach undergraduate and graduate level courses, advise undergraduate and graduate students, conduct original research, secure external funding to support research and perform service at the University levels. Candidate working with diverse groups of students, faculty, and staff and the ability to contribute to an inclusive climate are particularly encouraged to apply.

Salary: Commensurate with qualification and experience

Fringe Benefits: Paid leave per University policy, group health, life, disability, and retirement benefits.

Application Procedure:

Applicants should submit a letter of application, current vitae, official transcripts, three letters of recommendation, statement of teaching philosophy, and proposed research agenda to:
