EMS Definitions

Reservation – The “Who and the What.” This contains the meeting/event host information and what the event is called. A reservation can have multiple bookings.

Booking – The “When and the Where.” This contains the date/time/location information for each occurrence of a reservation. A reservation has to have at least one booking, but can have as many bookings as needed (think of a recurring meeting – each occurrence is a booking).

Navigating the EMS Web App

Your EMS Web App home page looks like below.

1. On the left, you have a menu bar with the following options:
   - **Create a Reservation**: takes you to your reservation templates
   - **My Events**: takes you to your event list of upcoming and past events in EMS
   - **Browse**: takes you to the search features in the Web App
     - **Events**: See all events in your organization
     - **Locations**: See the free/busy of all the rooms in your organization
     - **People**: See the same-day events for the people in your organization

2. On the main section of the page, you see **My Reservation Templates**, which allows you to make a quick booking right from your home page.

3. Below that is a list of your bookings for the day along with a search option to find your reservations.

4. Finally, in the upper right-hand corner, you see your name and a drop-down for your account options.
