Selecting and Creating Roommate Groups (3 of 3)

The screenshot shows a user interface for creating roommate groups. At the top, there are navigation tabs: Home, Applications, Roommates (selected), My Account, and More. The user is identified as Abby A. Teststudent with a roommate code of nadorple969. The main heading is "Roommate Groups (Fall 2019) Change Term". A light green banner contains a lightbulb icon and the text: "You may only have persons of the same gender in your group." Below this, a note states: "You must have an application for this term to be in a roommate group." There are two main search options: "Search resident profiles" (Find ideal roommates to invite into your group) and "Find someone you know" (Enter the Roommate Code of a person you know). A "My Group" tab is active, showing a message: "You do not have a roommate group for this term. Invite other users to create a group." Below this, there is a section for "OTHER ROOMMATE GROUPS" with a dropdown for "Fall 2014" and a "+ Create New" button. A star icon is visible next to the "Group Leaders" text in the callout.

You can search and invite specific people by using their **roommate code**

Group members will receive an invitation from the Group Leader. You can accept or reject this invitation. If you accept the invitation, you will then be added to the "group"

- Is the first person to send an invitation
 - Will be the person who invites any/all other group members
 - **Can select another group member to be the group leader**
